I'm a Student Developer Focusing on Web Technologies.

Welcome to my personal portfolio website. Here you can find information about me, the skills I'm learning, and the projects I've worked on.

Learn More About Me

About Me

completed so far.

Hello! I am a dedicated student currently pursuing my degree in Computer Science. I have a strong passion for technology and software development, specifically focusing on building responsive and user-friendly websites. My journey began with learning the basics of HTML and CSS, and I am essentially working on expanding my knowledge into JavaScript and backend frameworks.

When I am not coding, I enjoy exploring new tech trends, reading books on personal growth, and participating in university coding challenges. I believe in continuous learning and applying my skills to solve real-world problems. This portfolio is a representation of my progress and the projects I have
